

Combo Smart Card

ACTA-MF-EM-1K-C-W

Combo smart card combines the features of MiFare and EM technologies.

Combo smart card can be used for various applications, such as access control, public transportation, loyalty programs, and payment systems. A combo card offers a convenient and cost-effective solution, as it eliminates the need to carry multiple cards for different purposes.

Product Parameter	Parameter Description
Operating frequency	MiFare 13.56MHz / EM 125KHz
Protocol	ISO14443A/EM4100
Unique ID	32 bits
EEPROM Size	1024 Bytes
Material	PVC
Temperature	-20°C ~ +50°C
Dimension	85.6 × 54 × 0.86 (mm)
